YOUR ORGANIZATION’S READINESS CHECKLIST

Use this tool to determine your organization’s readiness for an endowment. If you check several of these boxes, it may be a good time to contact CFU to learn more about endowments.

Mission
☐ Your organization has been in existence for several years and has been effectively carrying out your mission since its founding

Leadership
☐ Your leadership can articulate a case for preserving your mission for the future
☐ Your organization is not experiencing severe financial crisis or upheaval in leadership
☐ You have volunteer leaders and staff who are willing to be endowment ambassadors

Donor Base
☐ Your organization has a solid donor base of individuals who have consistently given for at least five years
☐ One or more prospective donors are identified to establish the endowment with current assets or you have reserves to seed the endowment now

Growing the Endowment through Future Gifts
☐ Your leadership has established or is establishing a legacy program or society
☐ Your executive director is committed to marketing your legacy society
☐ You can identify prospects who are devoted to your mission and want to preserve it for future generations
☐ Board members are willing to include your organization in their will, trust, or retirement fund

If you feel your organization is ready, consider the following:
• What will the endowment purpose be (what will the funds accomplish?)
• What size endowment will achieve your goals?
• How will you promote and market the endowment?
• What roles will staff or volunteer leadership play in endowment building?
• What types of gifts will the endowment accept?
